**Making the club work
for all of us, takes all of
us!**

The Pavillion was taken down by Bill Lopeman and Mark Syska. I do not have the list of names of those who helped take all the useable materials and debris to the club property but wish to give you all a big hand and thank you for your hard work.

Bylaws Update

The Bylaws committee has been working hard on making changes to the bylaws. They should be ready for review at the next Board and General meetings in September. There will be a question and answer session at the general meeting and hopefully a vote to put the new bylaws in action.

Club Work Shop

Bull dozing has begun on the Gravel Pit Parking lot to clear the land for a shop to do maintenance work on the Groomers and any other equipment. Will keep all informed as work progresses.

TRAIL MAINTENANCE

We had a little rain on the trails on the 21st but not enough. As you probably know a new fire is burning over by Caribou Lake. Trails have been very dusty. On the 25th we had rain which has helped lower the dust level, but not sure whether it helped the Caribou Lake fire. Fireweed has bloomed out and fall colors are starting to appear. Beautiful year in the hills.

FIRES

We appreciate all that the fire fighters, smoke jumpers, pilots and those working to support these people do. Thank you for protecting our beautiful wilderness and our personal property in the hills and throughout the State. Thank all of you who have posted pictures and updates in Facebook on the Caribou Hills Communication page. Please continue to share with all of us. **Please remember there is a fire ban at this time, so be careful out there.**

MEMBER CONTRIBUTION AND EVENTS

*Event not a club sponsored event

*Mark and Kathy are opening a Lobo Wood Fired Pizza stop open for business Friday and Saturday's only. They will be taking orders over the phone at 299-7933. It's located on Lobo Lane. Call for details and allow at a minimum 2 hours. Thank you.

Ninilchik Emergency Services (NES)

A big thank you to NES as they back the community of Ninilchik and the Caribou Hills. They have put in many hours during Salmonfest and other events. Most all of these people are volunteers and answer calls 24/7. A lot of training goes in to maintaining their certifications. If we have a major event in the hills they will bring a unit to the hills if available to cover the event.
