We had record attendance at the May and June meetings. Understandably, July fell off dramatically, as it is a busy time of year. Participation in General Membership meetings is essential to our club's success. Hope to see you at the August meeting as there is much to discuss and complete before the snow flies!

JUNE/JULY HIGHLIGHTS

June Events

1st Annual Solstice Mud Run was a huge success with about 40 riders registered. The weather could not have been more perfect, although we could have done with fewer mosquitos. Kenna did a fabulous job arranging and coordinating all aspects of the event. She had lots of help from other club members and we wish to thank all of you for your help. The pancake breakfast, the barbeque, the run and hot dog roast on the trail were a blast! Hopefully, we will continue this event annually.

June Meeting Highlights

Kenna reported that the clean up was a success and it was said by many that they had a good time participating. 400 lbs. of garbage were collected and delivered to the landfill. There was a big turnout for this event. Hamburgers and Hot dogs were served after the event thanks to help from club members. We would also like to thank Steve and Chris Calabrese for loaning us their tent for this and other events.

Membership for June was 540 of which included 2 new members and 1 renewal. This is a record number of members to date.

It was agreed upon at the June General Membership meeting to hold at least quarterly meetings in Ninilchik. Thus, the August meeting will be held at the Inlet View Restaurant in Ninilchik. (see times above in the Calendar of Events.)

As many of you know the Pavilion will be dismantled as the cost was too much for the use we gave it. The memorabilia will be moved to the new building location.

July Meeting Highlights

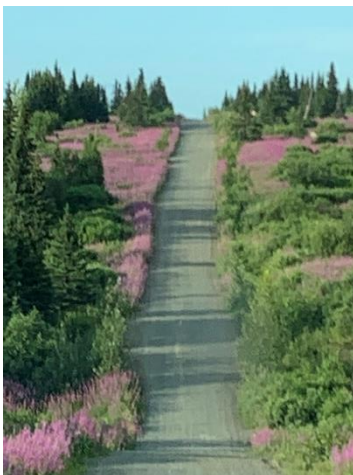

Notes for this meeting will be included in the next newsletter. We are still getting organized so look for July Highlights next month.

TRAIL MAINTENANCE

Trails have been very dry and dusty. The rains have improved it a little for now. The burning ban has been lifted, but we still need to be fire wise.

MEMBER CONTRIBUTION AND EVENTS

The fireweed is absolutely beautiful this year so come enjoy. The hills are very colorful!

**Birthday Party at the Lopeman's on August 10th,
3pm. Someone is turning 70.**

Ninilchik Emergency Services (NES)

As all of you may know NES takes a great interest on what happens in the hills and makes a huge effort to send in coverage when we have events happening in the hills. They put a lot of effort and money in to training some of us that live in the hills in case of emergencies. Listed below are those you can contact for help, but the best way to get

help is to always call **911** and they will contact us. However, ETT's and EMT's will be there to help if you need. Even if it is to help get you unstuck if we are available.

Kathy Rice EMT1 - 299-6824
